Dear Brewster,

Enclosed is a selection of WHO books that might be useful either for the presentation at the Publishing for Impact conference in Washington DC, or for use in your pilot project.

The books are:

- Comprehensive Cervical Cancer Control: a guide to essential practice
- The Atlas of Heart Disease and Stroke
- Avoiding Heart Attacks and Strokes: don't be a victim, protect yourself
- Inheriting the World: the atlas of children's health and the environment
- Healthy Villages: a guide for communities and community health workers
- HIV/AIDS: stand up for human rights
- The Right to Health
- Kangaroo Mother Care: a practical guide
- International Migration, Health & Human Rights
- Fuel for Life: household energy and health
- The Health of the People: The African Regional Health Report

I hope you find these useful. Do let me know if you would like me to supply pdfs.

With best wishes,

David Bramley
